

FISPGHAN Expert Teams Video RFA

Applications sought for this \$10K award for the best proposal for a digital production of the Expert Team reports on the occasion of the 6th World Congress on Pediatric Gastroenterology, Hepatology and Nutrition, June 2-5, 2021.

Eligible applicants: Pediatric gastroenterology, hepatology and nutrition trainees/fellows or junior faculty (up to 5 years post fellowship) applying as teams or individuals

Task: to provide one or more educational videos to disseminate the key messages of two recently published expert team reports published recently – Prevention of obesity and Hepatitis C

(See: [Prevention of Childhood Obesity: A Position Paper of the Global Federation of International Societies of Paediatric Gastroenterology, Hepatology and Nutrition \(FISPGHAN\)](#). Koletzko, Berthold; Fishbein, Mark; Lee, Way S.; Moore. *Journal of Pediatric Gastroenterology and Nutrition*. 70(5):702-710, May 2020.

[Comparison of Recommendations for Treatment of Chronic Hepatitis C Virus Infection in Children and Adolescents: A Position Paper of the Federation of International Societies of Pediatric Gastroenterology, Hepatology, and Nutrition](#). Indolfi, Giuseppe; Fischler, Björn; Gonzalez-Peralta, Regino P.; More. *Journal of Pediatric Gastroenterology and Nutrition*. 70(5):711-717, May 2020.)

The **purpose** of this proposal is to describe:

- 1) How the applicant would design and do a video, and potential other communication tools for health care professionals and/or families (e.g. recordings, podcasts, infographics, interviews with stakeholders, etc.),
- 2) How to best publicize the findings of the two Expert Team reports to all FISPGHAN societies,
- 3) How to carry out further steps for broad dissemination.

Submission Instructions:

Deadline: April 15, 2021, to be submitted to mstallings@naspghan.org; review by the FISPGHAN Council.
Winner to be announced by the time of the 6th. World Congress 2021
The application form is available on the FISPGHAN website – www.fispghan.org

Description of the FISPGHAN Expert Teams

At the 2012 World Congress of Pediatric Gastroenterology in Taipei, Taiwan the FISPGHAN Council decided it was time to do something to carry on the goals of the expert reports we have often written but then not

acted upon. We voted on the top 3 priorities listed in the Working Groups Report in 2012 and decided that Hepatitis B vaccination, Acute Gastroenteritis and Malnutrition/Obesity Education were 3 topics about which we might actually do something to advance the field. A chairperson was chosen to head each team which had two representatives from each of the FISPUGHAN societies. Each chair worked with the group to develop a questionnaire which was then circulated globally. Each of the three chairs will be giving a report of the findings at the World Congress in Montreal, 2016. At that time, a first grant was awarded to produce a video for dissemination of key messages on treatment of acute gastroenteritis
